BANGLORE,INDIA

OBJECTIVE

Motivated BCA (AI & ML) student with hands-on experience in data analysis, cloud-based applications, and machine learning projects. Skilled in Python, SQL, and AWS, with a strong focus on solving real-world problems using data-driven approaches. Seeking entry-level roles in Data Analytics or Software Engineering to apply analytical and technical skills in a growth-oriented environment.

SKILLS & ABILITIES

Technical Skills:

- Python, SQL (basic/intermediate), JavaScript
- Data Analysis (Pandas, NumPy, Matplotlib)
- Machine Learning (Scikit-learn)
- AWS (Cloud Basics, Deployment)
- HTML, CSS

EXPERIENCE

Data Analytics Intern — 2025

- Performed data cleaning, preprocessing, and exploratory data analysis on real-world datasets
- Built visualizations to identify trends and patterns using Python (Pandas, Matplotlib)
- Worked on basic machine learning models for predictive insights
- Improved analytical thinking and problem-solving through hands-on projects

EDUCATION

- 2023-2026 **Bachelor of Computer Applications (BCA) - AI & Machine Learning Izee Business School, Bangalore University, Karnataka**

PROJECTS

2025:

CivicTrack – Smart Civic Issue Reporting System (AWS-Based) — 2025

- Developed a cloud-based web application to report and track civic issues in real-time

- Integrated AWS services for scalable backend and data storage
- Designed user-friendly interface for issue submission, tracking, and updates
- Implemented structured data handling for efficient issue categorization and analysis
- Focused on real-world problem-solving using cloud and data-driven approaches

Fish Farm AI System — 2025

- Built an AI-based system to monitor fish farming conditions and improve efficiency
- Applied machine learning techniques for predictive analysis
- Focused on solving real-world industrial challenges using

SOFT SKILLS

– Problem Solving & Analytical Thinking – Quick Learning & Adaptability – Team Collaboration – Effective Communication

LANGUAGES

English (Proficient) – Malayalam (Native) – Hindi (Conversational)

INTERESTS

AI Research & Development – Software Engineering – Scalable System Design – Continuous Learning
